Experience Summary

Participated in the project to convert the old interface to the web platform with the guidance of teacher Tran Van Hung and two classmates. Having two years as a computer tutor, teaching basic HTML CSS in years 2 to 4 of university, two months of internship at TSM Agency, participating in the implementation of graduation projects on the topic Food Delivery App received many positive reviews from the professional council of the Sai Gon University of Technology.

In addition, I also researched and implemented mini-projects related to typical React JS language by myself such as Web trade Ethereum through Metamask e-wallet, rapid API API application to do value tracking wed Cryptocurrencies, restaurant website landing page,...

Education

2017 | Saigon Technology University
Engineering Degree

Experience

2021 | TSM Agency
Interns
Learn the real working environment, have the opportunity to perform assigned tasks and be part of the project development team.
